ER+PLUS

Risk Management Group Inc.

To reflect the challenges of each client's workplace, ER Plus RMG services are customized to be relevant to their specific needs - not simply a "one size fits all" solution.

The ER Plus Risk Management Group Inc. is one of the leading health and safety providers in British Columbia today. The company has experience addressing the unique hazards of such diverse fields as construction, health care, government agencies, and the service sector.

The ER Plus Risk Management Group focuses on establishing the systems, information, and skills necessary to prevent and mitigate workplace accidents. Ultimately, by addressing workplace risks instead of just insuring against them, ER Plus RMG saves lives, reduces injuries, protects property and equipment, and saves businesses money.
